19 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

20 **SECTION 1.**

21 The General Assembly finds and declares that recidivist sexual offenders, sexual offenders
22 who use physical violence, and sexual offenders who prey on children are sexual predators
23 who present an extreme threat to the public safety. Many sexual offenders are extremely
24 likely to use physical violence and to repeat their offenses; and some sexual offenders
25 commit many offenses, have many more victims than are ever reported, and are prosecuted
26 for only a fraction of their crimes. The General Assembly finds that this makes the cost of
27 sexual offender victimization to society at large, while incalculable, clearly exorbitant. The
28 General Assembly further finds that the high level of threat that a sexual predator presents
29 to the public safety, and the long-term effects suffered by victims of sex offenses, provide
30 the state with sufficient justification to implement a strategy that includes:

- 31 (1) Incarcerating sexual offenders and maintaining adequate facilities to ensure that
32 decisions to release sexual predators into the community are not made on the basis of
33 inadequate space;

(2) Requiring the registration of sexual offenders, with a requirement that complete and accurate information be maintained and accessible for use by law enforcement authorities, communities, and the public;

(3) Providing for community and public notification concerning the presence of sexual offenders;

(4) Requiring sexual predators who are released into the community to wear electronic monitoring devices for the rest of their natural life and to pay for such device; and

(5) Prohibiting sexual predators from working with children, either for compensation or as a volunteer.

The General Assembly further finds that the state has a compelling interest in protecting the public from sexual offenders and in protecting children from predatory sexual activity, and there is sufficient justification for requiring sexual offenders to register and for requiring community and public notification of the presence of sexual offenders. The General Assembly declares that in order to protect the public, it is necessary that the sexual offenders be registered and that members of the community and the public be notified of a sexual offender's presence. The designation of a person as a sexual offender is neither a sentence nor a punishment but simply a regulatory mechanism and status resulting from the conviction of certain crimes. Likewise, the designation of a person as a sexual predator is neither a sentence nor a punishment but simply a regulatory mechanism and status resulting from findings by the Sexual Offender Registration Review Board and a court if requested by a sexual offender.
